CHEMISTRY-DRIVEN PERFORMANCE

Technical Bulletin

Performance All-Season Premium Formula

Application:

Performance All-Season Premium Formula is a multifunctional diesel additive that contains both Summer and Winter Performance in one product. The advantages of having one product to use year around eliminates carry over inventory, reduces capital investment and ensures that all fuel is Winterized.

Performance All-Season Premium Formula is formulated to upgrade the performance and winter operability of ULSD and biodiesel blends. It is effective for heavy-duty, diesel powered equipment for on-road, off-road, marine, and, especially, engines with HPCR/DPF.

Benefits:

- Increases motor cetane up to 5 numbers
- Provides maximum CFPP and WASA (Wax Anti-Settling Performance)
- Protects against fuel filter and line icing using non-alcohol jet fuel type deicer
- Provides both Clean-Up and Keep Clean DW-10 detergency. Prevents formation of external carbon deposits as well as sticky internal deposits (IDID)
- Increases fuel lubrication for all diesel fuel injector systems
- Is effective in ULSD and Biodiesel blends up to B-20

Dosage Rate Recommendations:

Season	Dosage	Cetane Increase	CFPP protection	DW-10
Summer	1/2000	2-3 Cetane	-10°F	Keep Clean
Winter	1/1000	4-5 Cetane	<-20°F	Clean-Up

Typical Additive Characteristics:

Color: Light Amber
Density: 7.66lbs/gal
Sulfur: 9.2ppm
Additive Pour: -13F
Flash Point: 121F

Part #:	Package Size:
4005	5 Gallon Pail
4054	54 Gallon Drum
4325	325 Gallon Tote
4000	Bulk

This product qualifies for the US EPA 40 CFR 80.591, meaning product contains <15ppm (mg/L)
